Perch Base, United States Submariners

Flash Traffic

Number: #9-03-2015 **Date:** 9/14/2015

Subject: *Status: Base Members and Others*

I have been at the Pittsburgh convention this last week with a bum computer. And, all the carrier pigeons died. But here's an update as best I have.

- Dan DeMarte has double pneumonia and is (was) at John C. Lincoln, North, Hospital, room 2-304. Get further information has proved difficult.
- George Crider is back to the extended care facility after kicking back from his latest setback. Something tough about old sonarmen.
- Walt Blomgren's liver tumor, while malignant, appears to be a slow growing form that should respond to radiation; starting soon. Walt is home.
- Howard Doyle's wife Daleen fell Saturday night and broke her hip. After a full replacement Sunday, Daleen is expected to be out of the hospital this week.

That all I have now. Sorry for the delay and any errors.
